Kentucky Center for School Safety

Kentucky Schools focus on providing a warm culture and climate for both students and staff conducive to high levels of productivity and outstanding academic performance.

In today's society, school safety is a daily issue that ranges from classroom management to school incident command for crisis situations. The Kentucky Center for School Safety staff is committed to providing training, resources, information and research..

This website is available for [planning](#), [training](#) or [emergency assistance](#).

Let us assist, as your schools plan and practice and prepare for the safest schools possible. Toll Free 877-805-4277, ask@kycss.org

This "TIPLINE" is not for immediate response. If you need immediate assistance, dial 911.

Kentucky Center for School Safety is proud to provide an email tipline to all Kentucky schools.

The Safety Tipline, Online Prevention or S.T.O.P Tipline is designed for use as an "online" reporting/prevention tool. If students, parents or community members know of an unsafe situation in school (bullying, weapons, drugs or alcohol, etc.), they can anonymously pass on that information to school personnel by using this basic email format.
