

Pulaski County Schools

Memorandum of Understanding

Sheltering and Mass Care Facilities

This agreement is made and entered into between the Pulaski County Schools and South KY RECC to establish shelter site locations and terms of use in the event of an evacuation of the students and staff of the Pulaski County School System.

The Pulaski County Schools will make every effort to notify South KY RECC of evacuation possibilities with as much notice as possible. Contact information between the two parties shall be maintained in a separate appendix and is considered confidential information and is not subject to public disclosure.

South KY RECC agrees to open their building located at 200 Electric Avenue, Somerset, KY to provide shelter and assistance to students and staff evacuated during emergency situations when the students and staff have a need to be sheltered. South KY RECC has a capacity to accommodate approximately 111,453 people.

South KY RECC understands that their organization will be responsible for opening the building and developing procedures for making the building accessible, including rest rooms and an area with phone and internet connection (if available) for administrative personnel. Furthermore, Pulaski County Schools will provide supervision for all students and staff during the time that the facility is used as an emergency shelter site.

The Pulaski County Schools agrees that it shall exercise reasonable care in the conduct of its activities in said facilities and further agrees to replace or reimburse South KY RECC for any items, materials, equipment or supplies that may be used by the district in the conduct of its sheltering activities in said facilities.

The Pulaski County Schools will be responsible for replacing, restoring or repairing damage occasioned by the use of any building, facilities or equipment belonging to South KY RECC.

The Pulaski County Schools will reimburse South KY RECC for any bona fide expenditure of personnel required to maintain the facility, including overtime costs, upon production of receipts or time sheets. The Pulaski County Schools will not pay any operational or administrative fees to South KY RECC

The Pulaski County Schools shall provide any and all releases of information to the press and media. Requests for interviews or information submitted to South KY RECC shall be directed to the Pulaski County Schools' Public Information Officer or the Superintendent of Schools.

The Pulaski County Schools will make every effort to recognize the hospitality of South KY RECC in any press or media releases pertaining to the re-location and sheltering of students and staff.

Nothing in this MOU is intended to conflict with current laws or regulations of the United States of America, Commonwealth of Kentucky or local government. If a term of this agreement is inconsistent with such authority, then that term shall be invalid, but the remaining terms and conditions of this MOU shall remain in full force and effect.

Pulaski County Schools hereby agrees to hold South KY RECC harmless for any personal injury of a Pulaski County Schools student or staff, or damage to property of Pulaski County Schools, or any of its students or staff, occasioned as a result of Pulaski County Schools using South KY RECC's facilities in an emergency situation. By definition, an "emergency" situation increases the potential risk of injury to person or property.

This agreement shall become effective on September 16, 2021 and may be modified upon the mutual written consent of the parties.

The terms of this agreement, as modified with the consent of both parties, shall be self renewable for a period of five (5) years from the end date of the agreement unless written termination is given by either party. Either party, upon sixty (60) days written notice to the other party, may terminate this agreement.

The terms of this agreement, as modified with the consent of both parties,
AND NOW, this 16th day of September 2021, the parties hereby
acknowledge the foregoing as the terms and conditions of their understanding.

Superintendent, Pulaski County Schools
