OUR GOALS

The Kentucky Association of School Resource Officers is a non-profit organization that supports the efforts of SROs, school administrators, and educators in maintaining a safe and drug-free environment in our schools.

This organization was created to create a communication network to facilitate the sharing of information and advice to improve the effectiveness of SROs and enhance the safety of our schools.

While our primary duty is law enforcement, we know we can only be effective by educating and offering guidance to those we protect. In doing so, we are role models and are mindful of our interactions with others.

We know that our greatest assets are our children. We strive to ensure their safety by enforcing the law and promoting socially acceptable behavior through positive mentorship and effective role modeling.
